SARSAPARILLA.

WILKINSON'S
COMPOUND ESSENCE OF FLUID EXTRACT
OF
RED JAMAICA SARSAPARILLA

Is the only Preparation recognised by the Faculty of this wonderful purifier of the Human Blood.

It is not too much to say that those suffering from the effects of tropical climates, such as Torpid Liver, Debility, Impurity of the Blood, Cutaneous Diseases, Rheumatism, Lassitude, Nervousness, Attenuation of the Body, and other complaints, will, by taking a course of this extraordinary Essence of Red Jamaica Sarsaparilla, soon find relief, and ultimately a cure. It may here be stated that those who take this valuable preparation regularly at the changes of the seasons, give the system such power as to throw off easily any ill-effects therefrom; and it is asserted by competent authorities to be a decided specific after taking mercurials—hence its deserved celebrity. Earl Stanhope has remarked that, "he who discovers and makes known a remedy for any malady regarded as incurable, is entitled to greater honour than the most renowned conqueror." What, then, does that man deserve who succeeds in **preventing** those maladies which poor humanity is afflicted with? A celebrated Physician says: "To me it would be most gratifying to hear of this invaluable medicine, introduced, if possible, into every family residing in hot climates, for I am convinced, if frequently taken, it would be found immensely beneficial."

It acts by producing a gradual change in the fluids and habit of body, its *modus operandi* being that of a most *efficient Alterative*, giving an impulse to the natural secretions and excretions; assisting those functions which maintain life and health, and by which the blood is renewed and made to circulate through the extreme arteries and minute capillaries; promoting the appetite, digestion, and the assimilation of food; and thus imparting strength and vigour to all parts of the animal frame. If it is asked—What is an Alterative? it is this: it involves the basis of operation of most other medicines; that is, by imparting an impulse to the capillary circulation, promoting the power of the absorbents, exhalents, and of the entire cecerning system; thus regenerating healthy blood, and conveying in numberless streams the pabulum of life to all parts of the animal frame. Its effects, then, are simply to aid the renovating powers of the system or the *vis medicatrix*: that is, to assist Nature to come in her own way. It is, therefore, adapted for all disorders requiring the use of an Alterative. It is by the judicious use of Wilkinson's Essence or Fluid Extract of **RED JAMAICA SARSAPARILLA** that a constitution may be gradually built up until strong enough to resist any tendency to disease. Hundreds of subtle maladies are floating around us, ready to attack wherever there is a weak part. We may escape many a fatal shaft by keeping ourselves well-fortified with pure blood and a properly nourished frame.

"We cannot speak too highly of your Essence of Red Jamaica Sarsaparilla."—*Lancet.*

"We recommend your Essence of Red Jamaica Sarsaparilla."—*Medical Review.*

"The only preparation (Red Jamaica) for removing what may be called the sequelæ of a Mercurial course."—Sir R. MARTIN.

The late LORD CLYDE, *writing for a further supply of* "*Wilkinson's Sarsaparilla*," says:—"I am never without it, for when feeling depressed or out of sorts from anxiety or fatigue, a dose or two animates me."

"Your Essence of Red Jamaica Sarsaparilla cured me of a Torpid Liver when all other medicines had failed."—EARL OF ALDBOROUGH.

"When new comers are found in every branch of business to push aside rivals of older standing, it is very satisfactory to see that the original old-established Red Jamaica Sarsaparilla, prepared by Thomas Wilkinson, 270, Regent Street, London, holds its place pre-eminently. This is, doubtless, owing to its unsurpassable merits."—*Calcutta Englishman.*

IMPORTANT CAUTION.—The public are respectfully cautioned against cheap preparations, which instead of being what they profess (Sarsaparilla), are nothing more than a *Decoction of common Herbs*, sweetened with *Molasses*, and flavoured with *American Winter Green.* The genuine has T. WILKINSON, late WILKINSON, BRIDGE & Co., 270, Regent Street, London, stamped on the bottle; also the Trade Mark thus ⟨W⟩ engraved at the bottom of the bottle: none else is genuine. See, and have no other.

PREPARED ONLY BY THOMAS WILKINSON

Member of the Pharmaceutical Society,

270, REGENT STREET, LONDON, W.

To be procured of all the principal Firms in India, etc.

MOFUSSIL DIRECTORY.

THE general plan of this Directory is to give all the information it has been possible to gather relating to Government Officials and employés and Non-Official Residents under the name of each DISTRICT: but occasionally to place it under the name of the STATION when it seems of sufficient importance.

When the name of the Station is not found in this Mofussil Directory, a reference to the List of Post Offices or List of Civil Divisions immediately preceding this Directory, will easily enable any one to find the name of the District under which the information will be found.

BOMBAY PRESIDENCY.

The Western Presidency of British India, comprising 24 *British Districts and* 19 *States or aggregates of States called Agencies, under the protection of Her Majesty's Indian Government. The territory thus composed extends from* 28° 47′ *to* 33° 53′ *N. Lat., and from* 66° 43′ *to* 76° 30′ *E. Long. It is bounded on the North by Baluchistan, the British Province of the Punjab, and the Native States of Rajputana; on the South by the Presidency of Madras and the State of Mysore; on the East by the Marhatta State of Indore, the Central Provinces, West Berar, and the Dominions of the Nizam of Hyderabad. The British Districts, including Sind, contain a total area of* 124,465 *square miles, and a total population of* 16,349,206 *souls; the Native States cover an additional area estimated at* 71,769 *square miles, with a population of* 8,831,730 *souls; grand total area* 196,234 *square miles; grand total population,* 25,180,936. *Baroda, with an estimated area of* 4,399 *square miles, and a population of about* 2,000,000 *souls, has been withdrawn from political relations with Bombay and placed in direct subordination to the Supreme Government of India, but as it is intricately interlaced with British Districts, it may still be regarded as forming part of Bombay.*

The Portuguese possessions of Goa, Daman, and Diu, with an aggregate area of about 1,146 *square miles, and an estimated population of* 428,955 *souls, are also included within the geographical limits of the Bombay Presidency. The Capital of the Province, the residence of the Governor, and the headquarters of all the administrative departments, is Bombay City.*

The CITY OF BOMBAY, *the capital of the Presidency of the same name, and the principal Seaport of Western India, situated on an Island in* 18° 55′ *N. Lat., and* 72° 53′ *E. Long. For certain Administrative purposes, Bombay City is regarded as constituting a District by itself. The area is* 22 *square miles. Population,* 644,405.

A HIGH-CLASS LUBRICANT.

Over 10 Years in use. See Testimonials.

More Efficient and Economical than Tallow, Suet, Olive and Lard Oils, or other Lubricants.

"ENGELBERT'S LUBRICATOR,"

Price 3s. 9d. per Gallon.

DELIVERED CARRIAGE FREE IN THE UNITED KINGDOM.

TERMS FOR EXPORT ON APPLICATION.

FOR

CYLINDERS AND VALVES,

HEAVY BEARINGS, SHAFTING, HIGH SPEED MACHINERY, &c., &c.

CORROSION IMPOSSIBLE.

Cannot GUM or CLOG the Machinery.

Has no Corrosive Action on Boiler Plates, and prevents "Scale" in Boilers when used in Engines having Surface Condensers, or filled with Feed Heaters, in which the Exhaust Steam becomes mixed with the Feed-Water.

PRESERVES THE INDIARUBBER VALVES.

ENTIRELY PREVENTS "PITTING" IN MARINE BOILERS.

Effects a Saving of 40 per cent. over Tallow for Steam Cylinders, and lasts twice as long as the best Olive Oil.

EFFICIENT—ECONOMICAL.

Non-Evaporative at 600° Fahrenheit—Preserves the Metal—Cannot be Decomposed by High Pressure Steam—Uniform in Quality—Free from Acid, Spirit, Smell—Leaves no Deposit—Does not Combine with the Salts present in the water—Rots the "Scale" in Boilers—Instead of Softening and Honey-Combing the Metal Surfaces, it has a tendency to Case-Harden them.

SPECIALLY SUITABLE FOR USE IN INDIA OWING TO ITS BEING NON-EVAPORATIVE BELOW 600° FAHRENHEIT.

Further Particulars and Testimonials on Application to the Patentees and Sole Manufacturers.
